European Workplacement request

Dear Mr. Rodríguez,

My name is Genoveva Sobradielaso and I am 20 years old. I'm Spanish, from a northern region called Navarra and I'm studying Social Integration (Advanced Module) at the EE VET Centre.

As I have applied for a work placement Erasmus+ grant, I would like to do practical experience in the following fields:

- Social integration for disadvantaged people within risk of social exclusion or immigrants
- Assistance activities on residential units.
- Social integration activities with disabled or elderly people.
- Social integration activities with children with special needs.

I'm really interested in this experience because I would like to get practical experience in one of the fields related to my professional profile.

I would also like to get involved in a team to perform activities and tasks that may help me to grow on my personal and professional qualifications.

Preferably, and according to my personal interest, I would like to carry out tasks that involve disadvantaged people within risk of social exclusion.

I could contribute with help and new ideas on the organisation, development and assessment of the activities addressed.

Please find enclosed my CV and Supplement Europass, describing my profile and personal abilities

Yours sincerely,

Genoveva Sobradielaso Berlizo
